ABOUT US

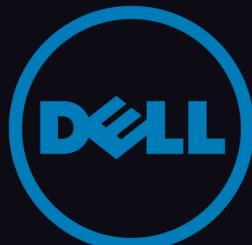

We are an emerging cable manufacturer with over 30 years of core manufacturing experience and four years of independent production. As an ISO-9001:2008 accredited and MSME-registered organization, our products are CE and RoHS certified.

We are proud to serve leading industrial houses, including Comfort Techno Solutions, Kiam Intl., Securens Systems, Virtue Automation & Control Solutions (Pune), Schneider Electric India Ltd., P V Mohana Solutions (Bangalore), Pyramid Fire (New Mumbai, exporters), Info Tech/Racemosa (Vasai, exporters), Sun Fire Systems Pvt. Ltd. (Thane), Star Fire Systems (Pune), Marc (Jamshedpur, Tata Steel), N.P. Fire (Ahmedabad), Capgemini (Gurgaon), Bombay Stock Exchange, CIPLA Ltd., and many more.

OUR ESTEEMED CLIENTS

OUR GOALS

Goals 1

On-Time Delivery:

Ensuring that all orders are delivered promptly and within the promised timeframe to maintain customer satisfaction and trust.

Goals 2

Customized Orders:

Providing tailored solutions to meet the unique requirements of client, offering a wide range of customizable options for cable length, material, and specifications.

Goals 3

Innovative Product Development:

Continuously investing in research and development to introduce cutting-edge technologies that enhance performance, safety, and efficiency.

Goals 4

Exceptional Customer Service:

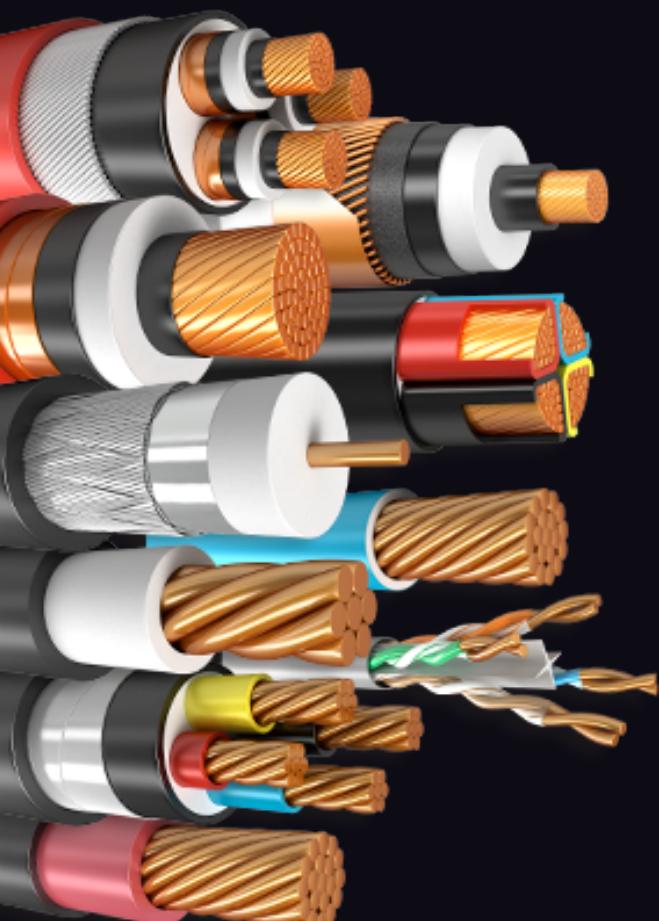

Delivering outstanding support and service at every stage of the customer journey, from initial inquiry to post-purchase assistance.

PRODUCT OVERVIEW

Our extensive cable product line is engineered to meet the highest standards in the industry, providing reliable and efficient solutions for various applications.

Each type is crafted with precision to ensure maximum performance, durability, and safety.

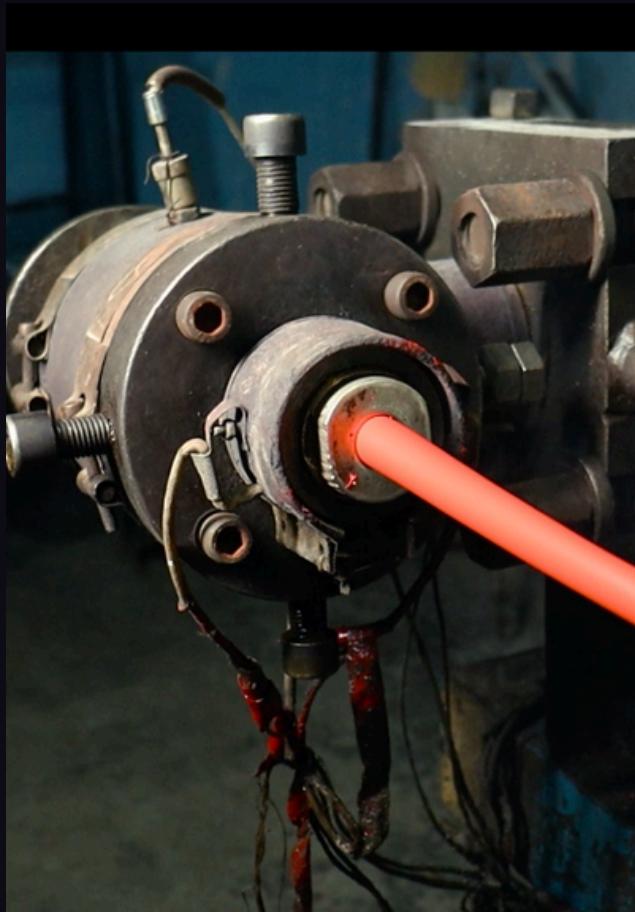

Our cables are available in multiple gauges, lengths, and materials, with some rated for temperatures up to 250°C and voltages up to 1100V, ensuring that we have the right cable for every need.

Additionally, our products are compliant with international standards such as CE, RoHS, and ISO, reflecting our commitment to quality and safety.

OUR PRODUCT

Our comprehensive range of cables, including coaxial, fire alarm safety, instrumentation, braided multicore, CCTV, and control cables, caters to diverse industrial and commercial applications. Each type is meticulously designed for optimal performance, durability, and safety.

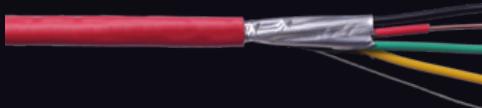

CO-AXIAL

Coaxial cables are designed for high-frequency signal transmission, ideal for connecting televisions, radios, and broadband internet, ensuring minimal signal loss and high reliability.

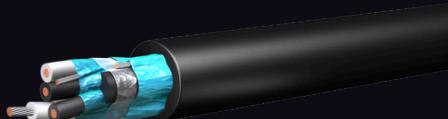

FIRE ALARM SAFETY

Fire alarm safety cables are engineered to withstand high temperatures and maintain functionality during fire emergencies, crucial for connecting fire alarm systems to enhance safety and compliance with regulations.

INSTRUMENTATION

Instrumentation cables are used to transmit signals from instruments to control systems in industrial settings, providing accurate and reliable data transfer with high resistance to electrical interference.

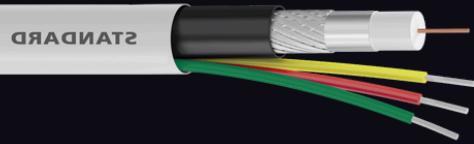

BRAIDED MULTICORE

Braided multicore cables feature multiple insulated cores with a braided shield for protection against electromagnetic interference, commonly used in complex electrical installations requiring robust and flexible cabling.

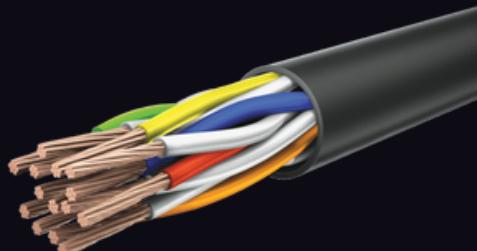

CCTV

CCTV cables are specifically designed for video surveillance systems, offering superior signal quality and durability to ensure clear and uninterrupted video feed from security cameras.

CONTROL

Control cables are essential for the automation industry, used to transmit control signals for operating machinery and equipment, known for their flexibility, strength, and resistance to environmental stress.

CLIENT REVIEW

Hear from our satisfied customers: Real experiences with our high-quality cabling solutions and reliable service.

KiAMTM
The Integration Expert

KIAM INTL PVT LTD.

"Amppere's cabling materials are top-notch, and their on-time delivery is impressive. They've been crucial to our banking and retail projects, and their reliability makes them a valuable partner. We're excited to continue working with them."

Schneider Electric

SCHNEIDER ELECTRIC

"Amppere consistently delivers high-quality cabling materials and meets deadlines, which is vital for our operations. Their dependability has built our trust, and we're eager to expand our business relationship. Their exceptional service sets them apart."
